Purchase Agreement and Health Information

Thank you for deciding to purchase one of our Labrador Retrievers. We want to make this a stress free and enjoyable experience for you. Please feel free to text or call me with any questions or concerns that you might have along the way. We will do our best to keep you up to date with photos and information about your puppy as it grows until it is time for him/her to go to its new home.

This contract is written for both the protection of the buyer and seller. However, it is primarily written to protect the health and well being of the puppy.

Purchase Agreement

1. Please read the health guarantee completely before putting a deposit on a puppy. **By putting a deposit on a puppy, you are agreeing to the terms and conditions within this contract.**
2. We require a \$300.00 deposit in order to hold the puppy of your chose or choosing order. The deposit can be in the form of cash, PayPal or personal checks.
3. This deposit **is non-refundable**, unless there is a problem with the health of your puppy. In that case, your deposit can be refunded or applied to another choice from a future litter.
4. Picking order in a litter will begin at 4 weeks of age. This is when the puppies seem to be developing their personalities. Choosing can be done onsite (by appointment), through photos or via Facetime or videos. Once a depositor has been notified that it is his/her time to pick their puppy, they will have a total of 5 days. This is only fair to the other people who have placed deposits and are anxiously awaiting their turn. If that person of order has not chosen in 5 days, they will be bumped to the bottom of the list and the next person in line will chose. Every effort will be made to insure that you have plenty of time, photos, videos or visits to help in deciding.
5. Pickup date will be set the following Saturday or Sunday after the puppy is cleared from the vet and turns 6 weeks old. At pickup we will review with you all registration paperwork, feeding, worming and vaccination instructions and explain any other information beneficial to the well being of your puppy.

6. If you are not ready to pick up your puppy at the 7 week mark (the following Saturday after vet clearance), boarding arrangements can be made to hold your puppy for a short period of time. Boarding fees are \$10.00 per day each day after the set pickup time.
7. We also will require a \$100.00 deposit to anyone wanting to be added to the “to call” waiting list. This deposit will insure that you are notified when a future litter is born. Notifications will be contacted within 24 hours after the birth of the litter, by the seller, in the order of deposits received. The buyer then has 24 hours to respond to the seller or the deposit is forfeited and the puppy will move on to the next person in line. The \$100.00 “to call” deposit is deducted from your \$300.00 total deposit due and is also taken from the total price.

Example: \$1500.00 Full Registration Puppy

- \$100.00 “ To call” Deposit
- \$200.00 Deposit due when buyer is notified of the litter

\$1200.00 Due at Puppy Pickup (deduct \$300 for Limited)

Health Guarantee

1. Nolen Labradors has done everything possible to produce healthy, sound puppies. We have raised the puppies in the best way possible in regards to diet, exercise, socialization and preventative care.
2. It will be up to us, the breeders, to decide when the puppy will be ready to go to his/her new home. Usually at the age of 6 weeks, depending on the weight of the puppy and the weaning status from his/her mother. We will not, under any circumstances, allow a puppy to leave the premises before 6 weeks of age.
3. Your puppy is guaranteed, to the best of our knowledge, to be in good health at the time of sale.
4. Your puppy will be up to date on all worming’s and vaccinations. It is very important that you continue the vaccinations and worming’s. Please do not expose your puppy to other dogs that are not vaccinated as this would impose a greater risk of disease. You have been provided a worming and vaccination schedule specifically made for your puppy.
5. The buyer, at their own expense, is encouraged to have the puppy examined by your licensed veterinarian within 72 hours of receiving your puppy.
6. If within 72 hours, a licensed veterinarian finds the puppy to be unhealthy, the puppy can be returned for a refund or a replacement- provided the puppy has not been injured or neglected. The buyer must provide a written statement from two non-associated veterinarians in order to receive a replacement or refund of an unhealthy puppy.

7. After leaving Nolen's Labradors premises and after receiving and witnessing the vaccination of your puppy, Nolen's Labradors will not be responsible for exposure to Parvo Virus. It is the responsibility of the buyer to maintain the puppy's vaccinations as scheduled and to limit exposure to other animals or environments that may contaminate the puppy.
8. Health guarantee does not cover any parasite, internal or external as this is a treatable condition.
9. This guarantee does not cover any health issues caused by neglect or injury from the buyer.
10. This guarantee does not include minor illnesses and health issues such as colds, allergies, internal or external parasites or umbilical hernias.
11. The breeder cannot assume responsibility of the puppy after the 72 hours of the sale.
12. The breeder assumes no responsibility for any medical expenses incurred.
13. The breeder assumes no responsibility for training or behavior problems.
14. The breeder does not guarantee size, fertility or hair coat of any puppy.
15. Nolen's Labradors does not knowingly sell a sick puppy. Every effort is taken to make sure they are all healthy for new homes. However, there are multitudes of diseases and sicknesses that can be acquired by an animal during his/her lifetime. Just as humans, we cannot guarantee that your dog will not acquire an illness and become sick.
16. If at anytime you feel that you are no longer able to care for your puppy/pet from Nolen's Labradors, please contact us and we will gladly take him or her back. Under no circumstances should any puppy from Nolen's Labradors be abandoned, neglected or found in a rescue shelter.
